HTML | CSS | JavaScript | C++ | React.js | Node.js | Next.js | MongoDB | SQL | Express.js | Tailwind CSS | Material UI | Git | GitHub | Figma

Soft Skills:

Leadership | Teamwork | Creativity

Professional Experience

React.js Intern, Edfling 07/2023 – 08/2023

- Took on the role of Co-leader, managing a team of 30 interns, and the GitHub repository.
- Contributed to 2 real-time projects as a React.js intern. The first project was an ed-tech platform, in which I built the course pages and made the app responsive. In the second project, I built the front end of the site along with enabling the theme toggle.

Web Development Intern, Octanet 06/2023 – 07/2023

- Developed 2 Web applications using React.js, Material UI and APIs.
- Crafted a Landing Page  for a drone e-commerce platform and a YouTube Clone  that fetches data from API and presents categorised data.

Projects

Sociopedia, MERN Stack, Material UI 

- Developed a Social Media App with a real-time server capable of handling over 500 active users.
- Implemented robust authorisation and login systems to ensure secure access for users.

Creations, Next.JS, Tailwind, HTML Canvas 

- Allows users to download their sketches and provides a range of 1-20 pen sizes.
- Ensured smooth performance and user satisfaction while managing over 500 daily requests.

Extra-Curricular

TEDxBITD 2023, Organizer (Licensee)  02/2023 – 02/2024

- Planned operations including event curation, and raising sponsorship (2 Lakhs INR).
- Directed the team of 65 members as the head of the organization throughout 2023.

Hult Prize Foundation, Co-Campus Director  09/2022 – 02/2023

- Organized the campus round of the global event with the participation of over 40 teams and led a team of 60 members.

Certificates

Web Development (Node.js) | Progate  • React | Progate 

Awards

Finalist, Smart India Hackathon  08/2022

Qualified among the top 6 teams out of 78 teams.
